PROFESSIONAL SUMMARY

Motivated Computer Science and Engineering (Data Science) undergraduate with hands-on experience in data analytics, Power BI dashboard development, and DAX-based reporting. Proficient in Python, C, and Java fundamentals, with strong skills in data structures, algorithms, and object-oriented programming. Actively sharpens problem-solving abilities through LeetCode, GeeksforGeeks, and CodeChef. Eager to contribute to collaborative, data-driven environments.

EDUCATION

Bachelor of Technology – Computer Science & Engineering (Data Science)

ABES Engineering College, Ghaziabad | Expected Graduation: 2028

- Specialization in Data Science with focus on programming fundamentals and logical reasoning.
- Continuously strengthening problem-solving skills through competitive coding platforms.

EXPERIENCE

Data Analytics Intern (Virtual) | Thiranex

- Developed interactive sales and revenue dashboards using Microsoft Power BI, enabling actionable business insights.
- Applied KPI tracking, DAX calculations, data filtering, and visualization techniques to support data-driven decisions.
- Documented and presented project outcomes through structured GitHub repositories and professional reports.

PROJECTS

Sales & Revenue Analysis Dashboard | Power BI, DAX, Excel

- Built an interactive Power BI dashboard to analyze 118.73M in sales and 16.89M in profit across products, countries, and time periods.
- Designed KPI cards for Total Sales, Total Profit, Units Sold, Profit Margin (%), and Country Coverage.
- Created custom DAX measures including Profit Margin (%) and Distinct Country Count.
- Developed product-wise, country-wise, and monthly trend visualizations with interactive filtering.
- Identified key insights: top product (Paseo), highest revenue market (United States), and peak sales month (December).
- Published complete dashboard assets and documentation on GitHub.

SKILLS

Programming Languages: C, Python, Java (Fundamentals)

Data & Analytics: Microsoft Power BI, DAX, Microsoft Excel, Data Visualization, KPI Reporting

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming

Tools & Platforms: VS Code, IntelliJ IDEA, GitHub, LeetCode, GeeksforGeeks, CodeChef

EXTRA-CURRICULAR ACTIVITIES

Video Editing | Content Creation & Social Media Engagement | Acting | Singing
