PROFESSIONAL SUMMARY

Computer Science and Engineering (Data Science) undergraduate with a strong foundation in data structures, algorithms, and object-oriented programming. Proficient in C, Python, and Java with consistent practice on LeetCode, GeeksforGeeks, and CodeChef. Eager to contribute to collaborative, growth-oriented software development environments while continuously expanding technical expertise.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering (Data Science)

ABES Engineering College, Ghaziabad | Expected Graduation: 2028

- Pursuing specialization in Data Science with a focus on programming fundamentals and logical reasoning.
- Consistently building problem-solving skills through structured DSA practice and competitive programming.

TECHNICAL SKILLS

Programming Languages: C, Python, Java (Fundamentals)

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming

Tools & Platforms: VS Code, IntelliJ IDEA, Git, GitHub

Competitive Coding Platforms: LeetCode, GeeksforGeeks, CodeChef

CODING PROFILES & ACHIEVEMENTS

- Solved algorithmic problems on LeetCode, demonstrating proficiency in data structures and problem-solving.
- Engaged in regular DSA practice sessions on GeeksforGeeks to strengthen core computer science fundamentals.
- Participated in competitive programming challenges on CodeChef, gaining exposure to timed problem-solving.

SOFT SKILLS

Problem Solving | Communication | Teamwork & Collaboration | Adaptability | Time Management | Continuous Learning

EXTRA-CURRICULAR ACTIVITIES

- Video editing and content creation, demonstrating creativity and attention to detail.
- Active in acting, singing, and social media engagement, showcasing strong communication and presentation skills.

Recruiter Tip: Adding 1–2 personal or academic projects (e.g., a Python data analysis mini-project or a DSA visualizer) with GitHub links would significantly strengthen this resume.
